Pupils (black color):

Make 2. Into a double adjustable ring crochet 5 single crochet stitches. Do not join the round with a slip stitch. This way these pieces will have a semicircular shape.

Eyes assemble: Sew the pupils to the front part of the eyeballs, matching the straight edge of the pupil with the eyeball's opening border. With white yarn embroider a point of light on each pupil. Place the eyes on the face, with their straight borders parallel to the 27th round of the head. This means that they should be placed centered beneath the decreases that mark the doll's forehead (rounds 25 & 26). Leave between both eyes a space equivalent to 1 eye of distance (for the nose). Sew them with invisible stitches.

Eyebrow (black color):

This piece could be crocheted directly on the doll's face (as in the final project) by inserting the hook in each stitch of the 27th round or it could be crocheted separately and then sewed to the face. In both cases it is necessary to locate the eyebrows length ways and below the zone where the decreases were practiced to mark the forehead.

On the 27th round of the face and above the eyes crochet:

Rnd 1: 18 single crochet.

Rnd 2: Single crochet in each stitch.

Make a knot and cut the yarn with scissors.

Feet and legs (make 2):

Make 2. Each foot is crocheted in a single piece from bottom to top, starting from the foot sole.

Ending details:

To assemble the eyes, first sew the pupils to the front part of the eyeballs, matching the straight edge of the pupil with the eyeball's opening border. With white yarn embroider a point of light on each pupil.

Place the eyes on the face, with their straight borders parallel to the 27th round of the head. This means that they should be placed centered beneath the decreases that mark the doll's forehead (rounds 25 & 26). Leave between both eyes a space equivalent to 1 eye of distance (for the nose). Sew them with invisible stitches.

The eyebrow could be crocheted directly on the doll's face (as in the final project) by inserting the hook in each stitch of the 27th round or it could be crocheted separately and then sewed to the face. In both cases it is necessary to locate the eyebrow length ways and below the zone where the decreases were practiced to mark the forehead.

Sew the nose between the eyes and under the eyebrow.

With black yarn and chain stitches embroider the mouth with a "U" shape (but wider than a regular U). With white yarn embroider a tooth on the left side of the mouth.

With terracotta yarn embroider a scar on the left side of the forehead.

Cut some black yarn of 8 cm length approx. and fix them as hair all over the head's black circle.

Sew the ears to both sides of the head, 5 cm beneath the hair (head's black circle).

Sew the body's opening to the head's opening.

Sew the screws to both sides of the neck, over the union between the head and body.

With saddle-brown yarn and chain stitches embroider on each foot along the rounds where you changed colors between dark-brown/saddle-brown and saddle-brown/white.

Sew 2 eyelet tabs on each shoe leaving approx. 0.5 cm of space between them. Then, with a sewing needle pass terracotta yarn through both eyelet tabs as shoelaces, as in the final Project.

With dark-slate-grey yarn and chain stitches embroider on the body along the round where you changed colors between dark-slate-grey and aquamarine, marking the sweater's neck.

With the sewing needle and dark-slate-grey yarn make a stitch on the inner side of 1 arm and pass the needle through the body from side to side, beneath the sweater's neck. Then make the same procedure for the other arm. Pull tightly in order to get the arms joined to the body. Repeat this procedure a couple of times in order to keep this union firm.

Enjoy!
