Neck ribbon:

Ending details:

Sew the eyes and ears to the head and with pink yarn embroider the nose. Sew the head and forelegs to the body. Make some additional invisible stitches at half height between the body and the back side of the forelegs, in order to keep them firm. Sew the back paws to the back legs like in the final Project, and sew the back legs to each side of the body. With a tapestry needle and dark grey yarn, make long stitches from each back paws' bottom to the top, pulling a little hard and making a knot to keep it tight, repeating this procedure twice in order to make 3 toes (do the same in the front paws). Sew the tail's base and then, sew the tail with some invisible stitches to the cat's back, without pulling it up hard (let it loose), in order to make it stand in a natural way. This way you won't have to use wire (I didn't wire the tail in the final project).

Bow's assemble: Sew the loops together and then, sew the central knot. Place the neck ribbon around the base of the neck and join its ending with some stitches. Sew the bow over the neck ribbon's union.

Enjoy!
