Ending details

Stuff the cap and join its edge to the stem by crocheting a round of single crochet stitches with the terracotta yarn. With invisible stitches sew the cap's red spot to the cap. With white yarn and a needle, embroider some french knot (as spots) on the cap, and with light brown yarn embroider the gills (they are long stitches over the cap's bottom) as in the final project.

Sew the chimney and the roof's window to the cap. Under the roof's window sew one of the planters. With yellow yarn embroider a rococo flower (this flower consists in 2 french knots) on each leaf of the plant. With grey yarn and chain stitches embroider around the chimney's top, over the round where you've exchanged colors (from black to grey).

Place the glass and frame of the double window on the stem, under the roof's window and sew it with invisible stitches. Sew the vertical division across the window, dividing it in half, and sew the wooden windows on each side of the frame. With white yarn embroider a point of light on each side of the glass, like in the final Project. Under the window, sew the other planter and with pink yarn embroider a rococo flower on each leaf of the plant.

Sew the egg knob on the door, and sew the door to the stem. Place the 8 stones around the door and sew them with invisible stitches.

Stuff the lawn lightly and sew its opening to stem's base, making the stitches from the 10th round from the stem.

Cut some green olive and green yarn and fix them in groups of 4 or 6 pieces to the lawn all around the house.

With yellow, orange and pink yarn, embroider on the lawn groups of 3 rococo flowers all around the house.

Enjoy!
