Tentacles - upper part (purple color):

The 8 tentacles are crocheted in rows instead of rounds (not in spiral), meaning that you need to turn your work every time you finish a row in order to start the next row.

You need to work every tentacle separately, making its first row directly on the last round of the body. Once you finish 1 tentacle, you need to cut the yarn and make a knot on the last round of the body to start the next.

Row 1: 10 single crochet.

Row 2: 1 single crochet, 1 decrease (2 single crochet closed together), 4 single crochet, 1 decrease, 1 single crochet (8 stitches)

Row 3 to 8: Single crochet in each stitch from last row.

Row 9: 1 single crochet, 1 decrease (2 single crochet closed together), 2 single crochet, 1 decrease, 1 single crochet (6 stitches)

Row 10 to 15: Single crochet in each stitch from last row.

Row 16: 1 single crochet, 2 decreases (2 single crochet closed together. Do this twice.), 1 single crochet (4 stitches)

Row 17 to 22: Single crochet in each stitch from last row.

Rnd 12: *8 single crochet, 2 single crochet in next stitch*, repeat from *to* 8 times (80 stitches).

Make a knot and cut the yarn with scissors.

Tentacles - lower part (lilac color):

The lower part of the tentacles are crocheted exactly as the upper side, making their first rows directly on the last round of the lower part of the body.

To join the body with its lower part, face both pieces by their wrong sides and crochet a round of single crochet stitches, stuffing each tentacle lightly and its centre while you are crocheting this round.

You have to start between 2 tentacles with 1 single crochet and then crochet around each tentacle: *30 single crochet, 3 single crochet in the next stitch (this is the vertex of the tentacle), 30 single crochet*, 1 single crochet between 2 tentacles, repeat from *to* 8 times.

Make a knot and cut the yarn with scissors.
