# Loop Stitch Tutorial

*How to crochet Loop Stitch:*

Start with a row (or round) of single crochet stitches.

**Step 1:**

Insert the hook in the first stitch. Form a loop wrapping the yarn clockwise around your left index finger.

Rotate your hook in the opposite direction from the way you usually would. It goes over the yarn first and then behind both sides of the loop.

**Step 2:**

Catch both sides of the loop and pass them through the stitch where you inserted the hook in step 1.

Now you'll have the hook in the front side of the work with 3 loops on it and 1 loop in the back side of the work.

Yarn over the hook (you'll have 4 loops on the hook) and pass the strand through the other 3 loops on your hook to finish the stitch.

### Step 3:

Repeat steps 1 & 2 till the end of the row.
